IT security training required for all Marshall team members

Information Technology security basic training is an annual requirement for all civil service and contract employees using government computers. Training is available on the SOLAR Web site at <https://solar.msfc.nasa.gov/> and must be completed by June 30. Civil service managers and supervisors should complete "IT Security for Managers 2002," and other personnel should complete "Basic IT Security 2002." For more information visit: <http://co.msfc.nasa.gov/ad03/cio-cso.html>
